

Material Safety Data Sheet

Permanent Heat Shrink Tape

SECTION 1 – IDENTIFICATION

Dr. Shrink, Inc. urges each customer or recipient of this Material Safety Data Sheet to study it carefully to become aware of and understand the hazards associated with the product. The reader should consider consulting reference works or individuals who are experts in ventilation, toxicology or fire prevention, as necessary or appropriate to use and understand the data contained in this MSDS.

Product description: A white polyolefin film coated with an acrylic pressure sensitive adhesive coated.

Product Designations: DS-724W

Technical Contact: Dr. Shrink, Inc.
315 Washington St.
Manistee, MI 49660
P) 231.723.2685 F) 231.723.9586

Notice: *This product is not FDA, CPSC, or NSF compliant. It is unsuitable for use in applications such as direct or indirect food contact, toys, medical devices, pharmaceutical applications or for potable water application.*

SECTION 2 – HAZARDS IDENTIFICATION

Hazard Overview

The above listed products may contain one or more hazardous chemical components. However, due to their incorporation into the structure of the products, exposure to such components is not anticipated under normal conditions of use. See section 16 for further discussion.

SECTION 3 – DESCRIPTION OF HAZARDS

Exposure to hazard of chemical components is not anticipated during normal use. MSDS for individual components are available from Syntac Coated Products upon request.

SECTION 4 – FIRST AID MEASURES

Clean and dress wound if cut by product edge. There are no known acute, immediate effects requiring treatment as a result of the use of this product as supplied.

SECTION 5 – FIRE FIGHTING MEASURES

All extinguishing chemicals and methods are applicable (i.e dry chemical ,carbon dioxide). Self-contained, positive pressure breathing apparatus should be used if available in fire conditions. Fire or very high temperatures (not normal conditions of use) can cause release of toxic smoke and fumes (carbon dioxide, carbon monoxide, various hydrocarbons, etc.)

SECTION 6 – ACCIDENTAL RELEASE MEASURES

Not Applicable.

SECTION 7 – HANDLING AND STORAGE GUIDELINES

Use care to avoid paper cuts from sheet edges. No other special handling or storage precautions apply in respect to potential hazards. The product is considered an article which does not release, or result in the exposure to a hazardous chemical, under normal use. Store at 70°F +/- 5°F at 50% humidity.

SECTION 8 – EXPOSURE CONTROLS AND PERSONAL PROTECTION

None required in normal use. Follow company procedures.

SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES

Product is a manufactured article in the form of a flexible sheet, strip, or roll. Contains some combination of two or more of the following major material components: paper, plastic film, aluminum foil, reinforcing yarn, fabric, adhesive.

SECTION 10 – STABILITY AND REACTIVITY

Hazardous decomposition will occur only under fire conditions. Various harmful compounds could be formed during combustion. No hazards associated with normal use.

SECTION 11 – TOXICOLOGICAL INFORMATION

Although hazardous chemicals may be used in this product, exposure to those chemicals and possible hazardous effects will not occur with the product in this form, in normal use. MSDS for individual hazardous chemicals can be supplied upon request by contacting Technical Service at the above number.

SECTION 12 – ECOLOGICAL INFORMATION

The anticipated instances of release into the environment would be during disposal of the end use item, of which this product could be a part, or waste during use. Other than the paper components, the materials of construction are very resistant to biodegradation and are not water soluble. Potential impact may be as per individual hazardous components, MSDS for which can be supplied by contacting Syntac Coated Products at the above number.

SECTION 13 – DISPOSAL MEASURES

Dispose of per appropriate local regulations. Product is not recyclable.

SECTION 14 - TRANSPORTATION

No special procedures required. Product is considered non-hazardous

SECTION 15 – REGULATORY INFORMATION

No known regulations apply.

SECTION 16 - OTHER INFORMATION

NFPA Hazard Classification: Health: 0 Flammability: 1 Reactivity:0 Special Hazards: None

Per the code of the Federal Regulations 1910.1200, this product is considered by Syntac Coated Products to be an *article*, defined in the regulation as “a manufactured item other than a fluid or a particle: (i) which is formed to a specific shape or design during manufacture; (ii) has end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which does not release more than very small quantities, e.g., minute or trace amounts of hazardous chemical, and does not pose a physical hazard or health risk to employees.”

Although this product may contain hazardous components, we do not believe those hazards are present as manufactured or when used. Since the product meets the definition of an article, it is technically not subject to this regulation or MSDS reporting. This document is provided for informational purposes, and is not meant to imply that this product is hazardous.

The opinions expressed are those of qualified experts within Dr. Shrink, Inc. We believe that the information contained is current as of the date of this Materials Safety Data Sheet. Since the use of this information and these opinions and the conditions of use of the product are not within the control of Dr. Shrink, Inc., it is the user's obligation to determine the conditions of safe use of this product.
